

Payment Reporting 01 September 2023 to 29 February 2024

The standard contractual length of time for payment of invoices is 30 days.

The maximum contractual payment period is 30 days. Some creditors may be paid on shorter terms but there are no creditors agreed on longer terms.

As there are no creditors on longer terms then there is no need to consult the supplier.

If there are any disputes related to payment the budget holder will consult the supplier and resolve these prior to payment being released.
